

## Low Cost Presses with Professional Results

The JetPress machines are a heavy duty line of low-cost, economical swing away heat presses. Intended for start-ups, home use and non-commercial, hobby-oriented transfer printing, the JetPress machines are ideal for ink-jet, bubble-jet, laser, copier & sublimation iron-on transfer paper users seeking professional quality imprinting results, without the costs associated with commercial press equipment.

The JP12 features a Digital Countdown Timer, adjustable Temperature Control and Temperature Readout, and adjustable Pressure. These presses apply several hundred pounds of clamping force with little operator effort, at much better pressure and temperature than a hand iron can deliver, at a fraction of the time.

For light usage & portability, the JetPress line is the perfect answer... professional results for a fraction of the cost of commercial heat press equipment!

### JetPress 12

- 9" x 12" Heat Platen
- Digital Countdown Timer w/ alarm
- Adjustable height for items over 1" thick
- Adjustable Temperature control (over 400°F)
- Accurate Temperature gauge
- Smooth swing away action
- Solid steel welded frame
- Silicone pad pressing surface
- Heating indicator light
- Modular cord & plug
- One Year Warranty

Weight: 30 Lbs  
Electrical: 650W/5.4A/120V  
Dimensions: 16"D x 18"W x 10"H
